

Safety Blood Collection Set -Butterfly Type (with or without Holder)

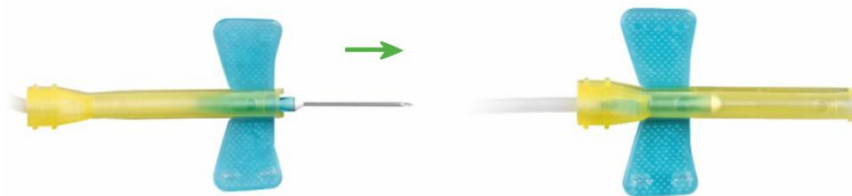

Product Advantage:

- Safe:
 - * Safety system prevents from needle-stick injuries and needle reuse.
- Convenient:
 - * Activate the safety device only with a slight pull;
 - * Easy safety operation.
- Sharp bevel, less pain.

Safety Secure:

- After blood collecting, push the yellow safety sheath forward over the needle, the needle will be locked in the safety sheath permanently.
- The risks from needle-stick injuries can largely decrease with other unsafe injection practices, such as needle reuse and improper medical waste collection.
